

PROMOTION OF WOMEN WRESTLING

Program 2025

Women Wrestling Program 2025

In calendar year 2023/2024, we introduced a program to strengthen women's wrestling in some UWW Europe member countries.

This program was a great success and is to be continued in the 2025 calendar year.

As in the previous year, the budget for this program will be included!

In the 2025 calendar year, there will again be the possibility of personnel and financial support for the organization of training courses in women's wrestling.

Women Wrestling Program 2025

Each member nation can submit an application with a project description (objective, group of people, etc.) to UWW Europe **by March 31, 2025**.

In a first step, the UWW Europe Council will then select some projects from the submitted projects that can then be supported in the calendar year 2025.

The aim of the project is to promote women's wrestling in the candidate country and to see more participants from Europe at the World Championships in all age groups.

The respective project is to be carried out in the form of a course. Neighboring nations can also join together.

The training course should take place over at least 5 days and include trainers with about 20 people. Slight deviations are permissible.

The dates must be agreed in advance with UWW Europe.

Type of support:

- Personnel support

UWW Europe provides a former top athlete or coach for the supported projects to support the participants in training on the mat and in motivational lectures.

The costs of this athlete or coach for arrival/departure, compensation and accommodation/food will be covered by UWW Europe.

Women Wrestling Program 2025

Type of support:

- Financial support

UWW Europe provides financial funding of 50 € per day per participant (limited to 5 days and 20 participants) for the funded projects.

The maximum amount is therefore 5.000 €.
